SCIENCE LEARNING INSTITUTE

Did you miss the “Getting the Most Out of AI for School” Workshop?

Next Workshop: Thurs, Nov 6
12:00 PM - 1:15 PM

Here's the [recording](#) and [slides](#). There were some valuable tips about making the most out of chatbots like ChatGPT and Notebook LM. Watch the recording for some tips to help create a customized AI Socratic tutor or academic coach by using some tailored prompts. Supercharge your ability to learn while using AI strategically!

External Opportunities

STaRS Summer Research

Deadline: Sun. Nov 30
Stanford University

Dive into a 7-week, in-person summer research experience with the Science, Technology, and Reconstructive Surgery (STaRS) Program. Work alongside experienced scientists and clinicians, gain hands-on exposure to biomedical research, and explore impactful careers in healthcare. Open to students of all backgrounds—no prior lab experience required!

[Apply](#)

Explore Healthcare Careers with Stanford this Summer

Deadline: Sun. Nov. 30
10:00 AM - 11:30 AM
Stanford University

Interested in medicine, healthcare, or research? Stanford's Anesthesia Summer Institute offers 1–2 week in-person and virtual summer internships designed for undergrads exploring the medical field. Programs have a cost, but tuition assistance is available—check out the [website](#) for details and how to apply!

[Apply](#)

Lamat REU: Paid Astronomy Summer Research

Deadline: Mon. Dec. 1

Interested in astronomy, planetary science, and computational research? The [Lamat Summer Research Program](#) at UC Santa Cruz offers an 8-week, paid opportunity (plus optional Winter Boot Camp with travel/lodging covered) for community college and undergrad students to explore astrophysical simulations and prepare for grad school success. Open to all majors—no prior research experience required!

C-GEM Summer Research

Deadline: Sun. Feb 1, 2026

Join a fully funded 10-week [summer research program](#) exploring cutting-edge science at the intersection of chemistry and biology. As a C-GEM SURP participant, you'll conduct research at top institutions (like Berkeley, Yale, and Cornell), receive mentorship, and dive into exciting projects that reimagine how materials and medicines are designed. Includes travel, housing, meals, and a ~\$6,000 stipend!

Apply

SUMMA 2026: Pre-Med & Health Career Conference

Sat. Feb. 7, 2026

Join pre-health students from across the country at the in-person [SUMMA Conference 2026](#), designed to help you navigate the path to med school and health programs. Learn how to address health inequities through hands-on sessions, inspiring talks, networking, and connections with top institutions. Open to students from all backgrounds—register now and take a big step toward your future in healthcare!

Register

Western Digital Full-time Apprenticeship

Start your career in semiconductors with Western Digital's paid, full-time Wafer Manufacturing [Apprenticeship](#)! You'll gain hands-on experience in a high-tech facility, receive great benefits, and take free community college classes in engineering and advanced manufacturing. A perfect opportunity to learn and earn at the same time.

Apply

Stanford TreeHacks 2026

Feb 13 - Feb 15, 2026

[TreeHacks](#) is Stanford's flagship 36-hour hackathon bringing together the world's top student innovators to solve real-world challenges. Get mentored by industry pros, connect with top tech companies, and bring your ideas to life—all with meals, travel, and lodging covered. Apply now and join the movement to build what's next!

Apply

Get Paid to Teach Kids STEM

Locations: Burlingame, Belmont, Milbrae

Passionate about STEM and love working with kids? [WonderWorks Lab](#) is hiring college students and recent grads as [STEM Instructors and Assistant Instructors](#) to lead hands-on, project-based learning activities like building bridges, robots, and exploring circuits. With flexible hours, competitive pay, full training, and provided materials, this is a fun and meaningful opportunity to inspire the next generation of engineers and scientists!
