More Human than AI: Staying Grounded While Using AI Tools

Thur, Nov. 6
12:00 PM - 1:15 PM
Toyon Room 2020 and Zoom

Join this [workshop](#), led by Chesa Caparas, English instructor at De Anza College, and explore how to preserve creativity, empathy, and connection in an AI-driven world. Light lunch will be served for in person attendees.

[RSVP](#)

Did you miss the SLAC internship info session?

Deadline to Apply: Wed, Jan. 7, 2026

It's not too late to learn about the SLAC Community College Internship (CCI) Program — a fantastic opportunity for Foothill STEM students to gain hands-on research experience at the SLAC National Accelerator Laboratory! Check out the [recording of the info session](#) for valuable advice and insider tips on crafting a strong application!

[More Info](#)

Join the Foothill Computer Science Club!

Thur, Nov. 6
4:00 PM - 5:00 PM
Room 4203

Interested in coding, tech, or just meeting other CS students? Stop by the first meeting this Thursday, then join the [club](#) every Tuesday from 12:15–1:15 PM! Whether you're a beginner or experienced programmer, this is a great way to connect, collaborate, and grow your skills together.

Join the Internship Jumpstart!

Thur, Nov. 13
12:15 - 1:15 PM
Room 4203 & Zoom

Looking for an internship but not sure where to start? Join SLI Director Sophia Kim and a panel of current/former Foothill students for Internship Jumpstart. Sophia will share practical tips and strategies for finding and applying to internships — including REUs (Research Experiences for Undergraduates) while students will discuss their own internship experiences and application journeys. The session will be recorded and posted here and on the [SLI YouTube channel](#).

Guest Speaker: Ati Popoola (Google / AndroidXR)

Wed, Nov. 5
4:30 PM
Room 4220

Join the Foothill VR Club for a special talk with Ati Popoola, Senior Hardware Engineer in Optical Metrology at Google / AndroidXR. Ati will share his career journey and offer insights into the creative and technical frontiers of immersive technology, including innovations like the Samsung Galaxy XR headset. This is a rare opportunity to meet an industry engineer at the cutting edge of AR/VR. No sign up – just show up! All students are welcome!
